

IN THE CLAIMS

1. (currently amended): A cinnamon flavour composition comprising cinnamic alcohol and eugenol, the cinnamic alcohol and eugenol together comprising at least 3% by weight of the total weight of the composition, the weight ratio of cinnamic alcohol to eugenol being in the range 0.25:1 to 3.5:1.
2. (original): A composition according to claim 1, wherein the cinnamic alcohol and eugenol together comprise at least 5% by weight of the total weight of the composition.
3. (currently amended): A composition according to claim 2, wherein the weight ratio of cinnamic alcohol to eugenol is at least in the range of 0.5:1 to 3.5:1.
4. (currently amended): A composition according to claim 3, wherein the weight ratio of cinnamic alcohol to eugenol is not more than 0.5:1 to 3:1.
5. (currently amended): A composition according to claim 1, wherein the composition also includes at least one member of the group consisting of capsicum and/or and citrus oil.
6. (original): A composition according to claim 5, wherein the citrus oil comprises lime oil.
7. (previously presented): A composition according to claim 1, wherein composition also includes one or more of the following materials: benzyl formate, methyl cinnamate, benzoin, ethyl phenyl glycidate, ginger oil, cinnamyl acetate and methyl heptenone.
8. (currently amended): A composition according to claim 1, wherein the composition ~~contains no or substantially no~~ is free from cinnamic aldehyde.
9. (previously presented): A consumer product including a flavour composition in accordance with claim 1.
10. (previously presented): A consumer product according to claim 9, wherein the product is selected from oral care products, skin care products and chewing gums.

11. (currently amended): A ~~composition~~ consumer product according to claim [4] 10 wherein the weight ratio of cinnamic alcohol to eugenol is ~~at least~~ in the range of 1:1 to 3.5:1.

12. (currently amended): A ~~composition~~ consumer product according to claim 11 wherein the weight ratio of cinnamic alcohol to Eugenol is ~~not more than~~ between 1:1 to 2:1.

13. (new): A cinnamon flavour composition suitable for oral care consisting essentially of cinnamic alcohol and eugenol in a weight ratio of cinnamic alcohol to eugenol in the range of 0.25:1 to 3.5:1.
